

ABOUT AJMAN FREE ZONE

That simple phrase sums up the secret behind the success of Ajman Free Zone (AFZ). Positive action resolutely (and speedily) carried through. AFZ is noted for its speedy procedures and clearances, considerable cost advantages and innovative business packages.

Ajman Free Zone widely recognized as a haven for entrepreneurs today. A major contributor to the Emirate’s economic development, AFZ provides a particularly welcoming environment to:

- Foreign investment
- Entrepreneurship
- International trade and commerce
- Manufacturing and industrial activity.

Lacking the natural advantages of petroleum and natural gas, the Emirate of Ajman has always relied instead on a strong reservoir of native enterprise. This helped build an enduring maritime tradition; with allied activities such as shipbuilding, fishing, trading and pearl diving. The rapid establishment – and expansion – of Ajman Free Zone in 1988 saw this age-old spirit of enterprise being applied to export-oriented industrialization in the modern age.

Granted autonomous status under Amiri Decree NO. 3 issued by His Highness Sheikh Humaid Bin Rashid Al Nuaimi, Ruler of Ajman, Ajman Free Zone Authority now serves as the regulatory agency for free zones in the Emirate. The formation of the authority resulted in an accelerated impetus to industrial activity in the free zone. To the extent that the number of companies setting up business there have quadrupled since!

An attraction for International Investment

Ajman Free Zone offers all the advantages of any free zone in the UAE. . Recognizing the need to continuously innovate, AFZ has always taken care to provide a package of unbeatable benefits.
